## PRESS RELEASE

### *Living History Crews Bring WWII History To Life*

**Mobile, Alabama, January 11, 2018** – Now hear this! The Living History crews from the USS ALABAMA and USS DRUM will be at the park on Saturday, February 3 for their quarterly Drill. The Living History Crews are made up of historical reenactors who demonstrate life aboard the USS ALABAMA and USS DRUM during World War II.

“Pick up any publication in the South, and you will probably see a short blurb about the USS ALABAMA’s Living History Crew,” stated Janet L. Cobb, executive director. “If you want to see a superb World War II on-deck reenactment, come see this dedicated group of men bring history to life.”

Among the activities scheduled for the weekend will be a weapons briefing that will explain the types of weapons used aboard the battleship and submarine. Guests will witness a general quarters rush to battle stations as “enemy” aircraft simulate an air attack at 1:00 p.m. by vintage airplanes, weather permitting. Sailors will man the guns and repel the assault. Among the weapons demonstrated will be the firing of the twin 40MM Bofor pompom guns mounted on the rear of the ship and the 20mm guns on the main deck. Damage Control teams will perform a fire suppression drill as Corpsmen evacuate “wounded” sailors. There will also be displays of memorabilia from WWII aboard ship.

USS ALABAMA Battleship Memorial Park is located at 2703 Battleship Memorial Parkway. Our hours of operation are 8:00 a.m. until 5:00 p.m. daily. Admission is \$15 for adults, \$6 for children ages 6 to 11, and complimentary for children up to 5 years of age. Active military personnel are admitted free

(MORE)

of charge. There is a \$4 per car park entry fee.
